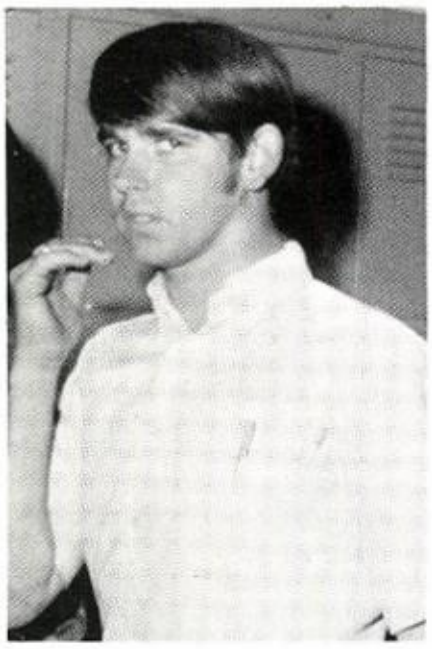
If you had to choose one word that best typifies Seagoville High School, one word that exemplifies the individual, the group, and the school as a whole, what would be your choice?

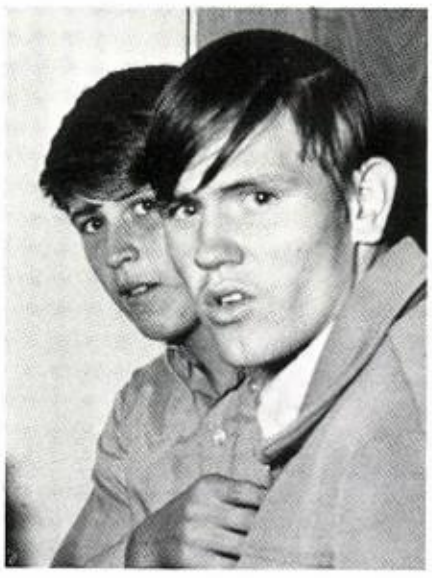
We, the 1970 Spirit staff feel that our choice for "Seagoville in a word" would be ... *Pride!*

"*P*"

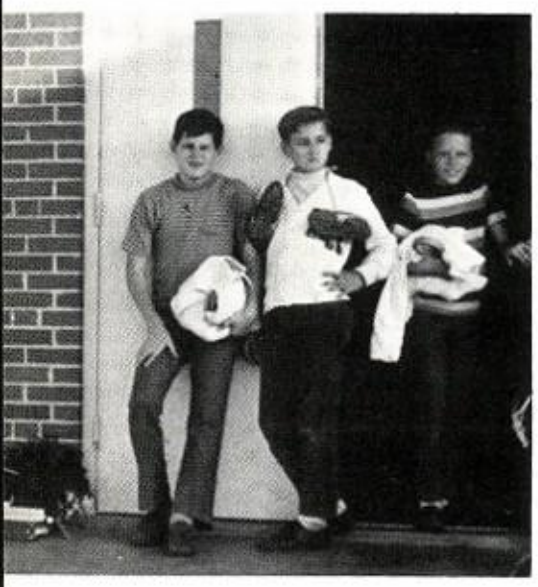
for
Purpose

What Is Our Pride?



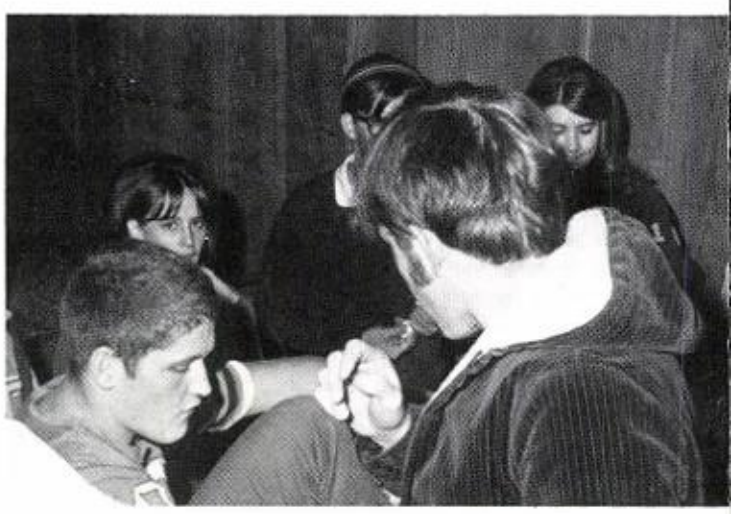


Our program of
"Student
Leadership"



"R"

for
Responsibility



OUR MOTTO:
"Pride Through
Student Involvement"

All, students and faculty, are responsible for making these two factors work.

"J"

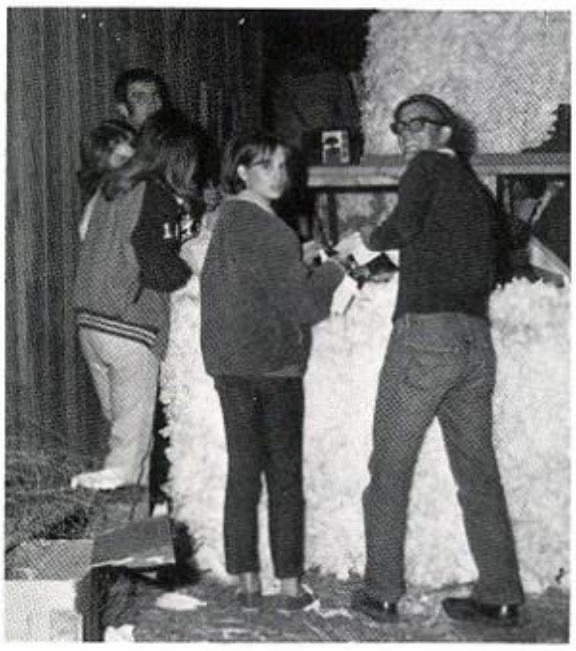
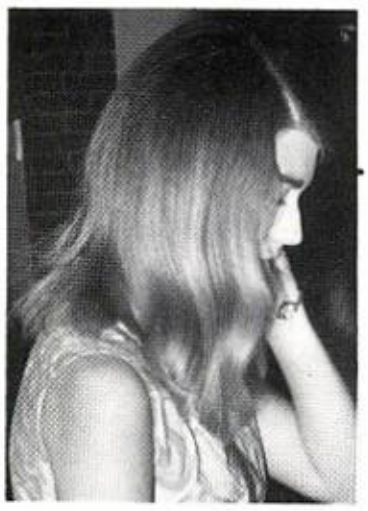
Spirit

How Real Is This Pride?

As Real As It Is Deep?



a person who is not too busy to pick up a forgotten scrap of paper lying on the floor ...



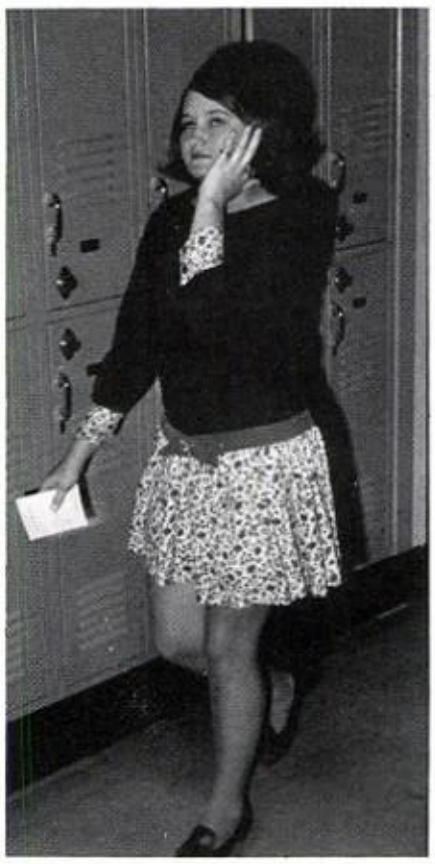
"D"

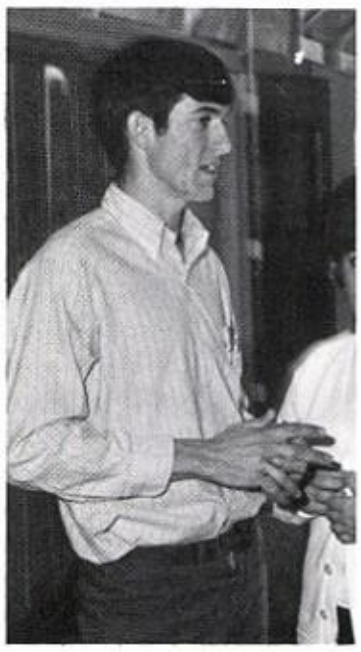
for
Duty

a person who generates this pride in others ... To this person S.H.S. and what it stands for is a deep-seated and personal thing.

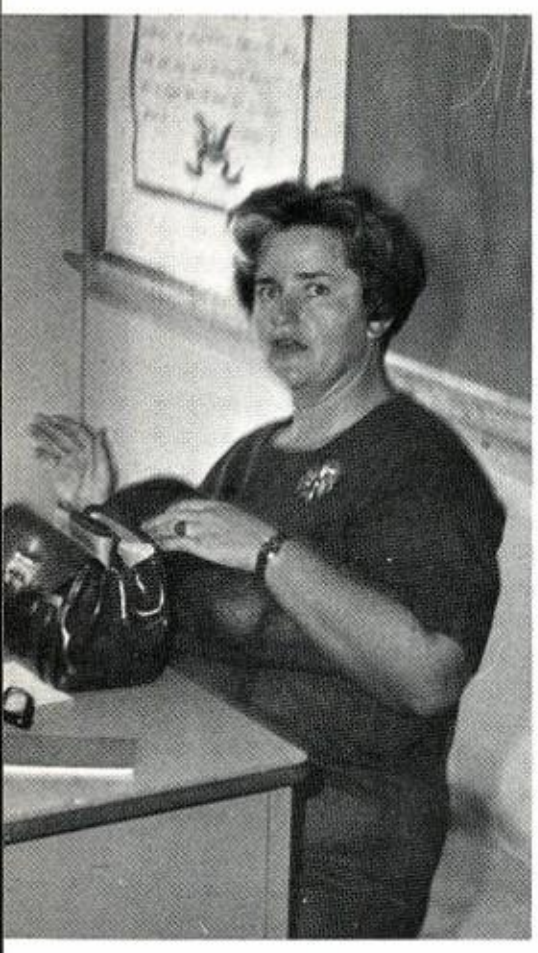
"E"

for
Excellence





In the future as we reminisce about the "good old days," our hearts will feel a spark of PRIDE as we remember how we caused this year to be the greatest ever!!!



I was only looking for identification!

Test Tuesday! He who laughs last ...

Whose 48 hours are up?

Omigosh! I gave Phil Greenawalt an A in civics

With Miss Means, you will always know there is someone who cares.

No, Debbie! I won't dance with you.

Miss Jill Means

We Sincerely Dedicate the 1970 Spirit to.

J is jovial, judgement, and justice
i is ideals, interests, and initiative
f is leadership, loyalty, and love
f is also laughter, life, and lore
M is morals, manners, and motives
e is enthusiasm, encouragement, and energy
a is ability, achievement, accomplishment
n is neat, nice, and notable
S is strength, success, and spirit.

These are just a few of your many qualities that you instill within us each day. What can we say to give you just a hint of our appreciation? Someone once said, "Gratitude is the hardest of all emotions to express. There is no word capable of conveying all that one feels. Until we reach a world where thoughts can be adequately expressed in words thank you will have to do."

And so, Miss Means, may we humbly say thank you.

Dr. Nolan Estes Of Dallas Schools

John R. Ligon
Principal

Dear Students,

It is my wish that each student that has attended Seagoville High this year will be a better person when he leaves than he was when he came.

And you, the graduating class of 1970, I hope that your graduation will spark a desire to continue your education throughout your lives.

Best wishes for a happy future.

John R. Ligon

Asst. Principal
Billie J. Stanley

Dear Students and Faculty,

My first year at Seagoville High School has truly been a joyous and fruitful experience. The spirit and sense of pride of each student has been evident through your cooperation, faithfulness, and unending efforts in supporting the entire educational program of our school.

The attitudes of each student toward the other has been one of the greatest factors in making this year a rewarding one. To me, this "sincere concern for others" is the philosophy of life in a nutshell.

To the graduating seniors, may you always cherish the memories and experiences of Seagoville High and may you obtain self satisfaction as you continue upwards towards the goals you have set for your life.

Sincerely,

Billie J. Stanley

THE ROAD GOODBYE

The road I took was named Goodbye
The path looked strange. I wondered why.
It left familiar things behind.
A hand caught mine ... I paid no mind.

The stranger never once did say
Just what had brought him on my way.
On we went, and some afraid
I wished I hadn't come, but stayed.

All the friends that I once knew
Took a road named Goodbye too.
There were no two roads just the same
Though all were called Goodbye by name.

The road went on; we went on too,
And I was sad, for then I knew
That never could I be the same
Having walked down Goodbye Lane.

And though I couldn't understand
We walked together hand in hand.
We said no words, but just walked on,
I thought of things now past and gone.

I thought of games I'd lost and won,
I thought of all the things I'd done,
I thought of those I loved and cared,
Of times we'd had, of things we'd shared.

I thought of those I'd come to know.
Just knowing them - they'd helped me so.
I thought of things, of tears I'd shed ...
Those same things now brought smiles instead.

The tasks I'd done, those left to do,
I wondered how I'd make it through
When something inside seems to say,
"The best you can from day to day."

The way was rough; I knew the score,
It never ends ... there's always more.
But now I know that all in all
Each thing in its one place will fall.

I thought of all the happy days,
The sad ones now just seemed a daze.
And in a flash I came to see
How much the past had meant to me.

I walked along the road Goodbye,
I looked back once ... I heaved a sigh.
Then I remembered at my side -
My silent, but my constant guide.

The stranger's hand I felt in mine.
I looked into his face this time.
I asked his name - he turned just so,
He smiled and said, "I'm called Hello."
